• maximum study duration: 9 semesters
• courses vs. modules
  – courses are accredited via modules; each course can be counted in only one module
  – course-module mapping:
    IMS course list via C@MPUS (Faculty 5 – Institutes of CS – NLP – Courses), column “SPO”
• module exam registration is obligatory
  – online registration: LSF
  – for modules containing several courses, register in the semester in which you will finish all parts (e.g. for concentration modules)
  – registration only possible during official registration period (as announced by the University: May/June & November/December) – otherwise participation not allowed (screenshot of registrations recommended)
• postponing / repeating exams
  – you can withdraw from an exam until 7 days before the exam takes place (otherwise, a medical certificate is needed as soon as possible in order for the exam not to count as “failed”)
  – failed exams can be repeated once (as soon as possible; re-registration necessary!)
  – a second repetition of a module exam is only allowed in 3 cases in total
• a completed “module table” has to be handed in via ILIAS for each semester before your grades will be entered: http://www.ims.uni-stuttgart.de/studium/interessierte/studiengaenge/cl-msc/pruefung.en.html
